|                      |                      |
|----------------------|----------------------|
| <b>Product name:</b> | <b>SOLVENT A 170</b> |
| <b>CN Code:</b>      | <b>27075000</b>      |

|    | <b>Property</b>       | <b>Unit</b>       | <b>Range</b>   |
|----|-----------------------|-------------------|----------------|
| 1  | Density at 15 °C      | g/cm <sup>3</sup> | 0,8680 -0,8780 |
| 2  | Colour Saybolt        | -                 | 30             |
| 3  | Initial boiling point | °C                | min. 160,0     |
| 4  | Final boiling point   | °C                | max. 180,0     |
| 5  | Total aromatics       | % wt              | min. 98,00     |
| 6  | Benzene               | ppm               | max. 100       |
| 7  | Toluene               | ppm               | max. 100       |
| 8  | Ethylbenzene          | ppm               | max. 200       |
| 9  | Flashing point        | °C                | min. 40,0      |
| 10 | Appearance            | -                 | clear          |

|                                  |   |
|----------------------------------|---|
| <b>Relevant identified uses:</b> | Organic solvent, intermediate<br>Uses in coatings, cleaning agents, lubricants, metal working fluids, agrochemicals, in laboratories, polymer processing. |
|----------------------------------|---|
